

## 1. How to Search

Setting a keyword and selecting a value in RESEARCH FOCUS, ICH GENRE and SUB-REGION means AND search, which means data that includes all conditions is hit.

### Keywords

Keywords target the following information.

For Publications: title of publication, publisher, summary,  
research focus, ICH genre and country

For Institutions: name of institution, abbreviation of institution,  
research focus, ICH genre and country

For Researchers: name of researcher, title of publication,  
research focus, ICH genre and country

#### - Matching condition

Select a condition of search from the pulldown menu.

Selecting Equals, Forward match and Backward match hides the AND/OR check box.

Equals: search data that exactly matches the keywords

Contains: search data that includes the keywords

Forward match: search data from the beginning of the string that  
includes the keywords

Backward match: search data from the end of the string that  
includes the keywords

#### - Not case-sensitive

Do not distinguish upper case letter and lower case letter.

Example

Keywords: Environment, environment

Results: same data is hit

- Multiple keywords

Choose either "AND" or "OR" box below the keyword box.

AND search

Data that contains all keywords is hit

Example

Keywords: education culture

Results: data that contains both "education" and  
"culture"

Or search

Data that contains at least one keyword is hit

Example

Keywords: indigenous knowledge

Results: data that contains either "indigenous" or  
"knowledge"

## RESEARCH FOCUS

Select a value from the pulldown menu.

## ICH GENRE

Select a value from the pulldown menu.

## AUTHORS

Target only one person even though keywords contain space.

- Matching condition

Select a matching condition from the pulldown menu

Equals: search data that exactly matches the keywords

Contains: search data that includes the keywords

- Not case-sensitive

Do not distinguish upper case letter and lower case letter.

Example

Keywords: Taro or taro

Results: same data is hit

## **2. Search Result**

- Sort

Select any header on the top to sort ascending or descending.

Change ascending/descending every time headers are selected.

- Display

Click "Show more" to display all data matched.

Click again to display the default number of data.

## **3. Online Questionnaire (appear in the detailed search result display)**

Select "Answer" bottom to finish it.

Select "Close" bottom to just close it.
