Rating of IRCI's contribution to the safeguarding of ICH in the Asia-Pacific Region

125 respondents

What kind of activities do you expect IRCI to do in the future, to contribute to the safeguarding of ICH?

125 respondents
Multiple answers accepted

What kind of activities other than research do you think IRCI should emphasise in the future?

Examples from other opinions :

- Benchmarking of safeguarding protection of intangible heritage with other Asian countries.
- Establishing a group of researchers who are well trained and talented to facilitate any challenge will face the people who are working on this field
- Community companion to learn to research local cultural values to be applied and utilized in everyday life
- Training of community representatives in the documentation of their ICH.
- Assisting countries in SE Asia in drawing up inventories, and nomination files
- Enhancing ICH education at the university level, or incorporating ICH in university courses.
- Support ICH bearers in implementation of international projects
